

SBHxDB10L62D – SFP+ Single Fibre CWDM High SW-SF CWDM / 10dB / 6.1Gbps

For your product safety, please read the following information carefully before any manipulation of the transceiver:

ESD

This transceiver is specified as ESD threshold 1kV for SFI pins and 2kV for all others electrical input pins, tested per MIL-STD-883G, Method 3015.4 / JESD22-A114-A (HBM). However, normal ESD precautions are still required during the handling of this module.

LASER SAFETY

This is a Class 1 Laser Product according to IEC 60825-1:2007. This product complies with 21 CFR 1040.10 and 1040.11 except for deviations pursuant to Laser Notice No. 50, dated (June 24, 2007).

The optical ports of the module need to be terminated with an optical connector or with a dust plug in order to avoid contamination.

1. Overview

SBHxDB10L62D is a high performance transceiver module for up to 6.144Gbps bidirectional data links over one single mode fibre within one single CWDM channel, which is split into two sub bands called CWDM High and CWDM Low.

The power budget is minimum 10dB end of life (EOL). The transmitter is a cooled CWDM High DFB laser, the receiver is a PIN photodiode operating in the CWDM Low sub band. Consequently, a module with a CWDM Low transmitter and a CWDM High receiver is required at the opposite side of the link. The recommended counterpart is SBHxUB10L62D.

This transceiver module is compliant with the Small Form-factor Pluggable (SFP+) Multisource Agreement (MSA) and hot pluggable. Always contact Skylane Optics® commercial agents for compatibility with different equipment platforms.

9. Transmission Reach

The actual transmission reach is depending on the CWDM channel used, due to the wavelength dependent dispersion in the fibre path. The table below shows the *estimated* transmission reach for CWDM channels 27 to 61.

NB: Distances are purely indicative and only valid for G.652 fibre. Only the optical power budget is guaranteed. Additional optical insertion loss from CWDM filters, splices, optical connectors etc. is not included.
